**(PROCUREMENT SPECIFIC PROVISIONS)**

## Preface

These Bidding Documents have been prepared for use by procuring/Purchasing agencies in the procurement of goods through National Competitive Bidding (NCB).

In order to simplify the preparation of bidding documents for each procurement, the Bidding Documents are grouped in two parts based on provisions which are fixed and that which are specific for each procurement. Provisions which are intended to be used unchanged are in Part one, which includes Section I, Invitation for Bids and Section II, General Conditions of Contract. Data and provisions specific to each procurement and contract are included in Part Two which includes Section II, Bid Data Sheet; Section III, Special Conditions of Contract; Section IV, Schedule of Requirements; Section V, Technical Specifications; and the forms to be used in Section I, Invitation for Bids, and Section VI, Sample Forms.

This is Part Two and contains data and provisions specific to each procurement. Care should be taken to check the relevance of the provisions of the Bidding Documents against the requirements of the specific goods to be procured. The following general directions should be observed when using the documents. In addition, each section is prepared with notes intended only as information for the Procuring entity / purchasing entity or the person drafting the bidding documents. They shall not be included in the final documents, except for the notes introducing Section VI, Forms, where the information is useful for the Bidder.

Specific details, such as the “name of the Procuring / purchasing entity” and “address for bid submission,” should be furnished in the Invitation for Bids, in the Bid Data Sheet, and in the Special Conditions of Contract. The final documents should contain neither blank spaces nor options.

Amendments, if any, to the Instructions to Bidders and to the General Conditions of Contract should be made through the Bid Data Sheet and the Special Conditions of Contract, respectively.

Footnotes or notes in italics included in the Invitation for Bids, Bid Data Sheet, Special Conditions of Contract, and in the Schedule of Requirements are not part of the text of the document, although they contain instructions that the Procuring entity / purchasing entity should strictly follow. The final document should contain no footnotes.

Clauses included in the Special Conditions of Contract are illustrative of the provisions that should be drafted specifically by the Procuring entity / purchasing entity for each procurement.

The forms provided in Section VI should be completed by the Bidder or the Supplier; the footnotes in these forms should remain, since they contain instructions which the Bidder or the Supplier should follow.

## **Section I. Invitation for Bids**

### **Notes on the Invitation for Bids**

The Invitation for Bids (IFB) has been issued as an advertisement in leading newspapers of general circulation in the Province of Khyber Pakhtunkhwa as well as on the web site of the MTI-KTH ([www.kth.edu.pk](http://www.kth.edu.pk)) by allowing at least fifteen days for NCB for bid preparation and submission.

The Invitation for Bids provides information that enables interested bidders to decide whether to participate. Apart from the essential items listed in the Standard Bidding Documents (SBD), the Invitation for Bids also indicates the important bid evaluation criteria or qualification requirement (for example, a requirement for a minimum level of experience in manufacturing a similar type of goods for which the Invitation for Bids is issued) so that the bidders should give their best and final prices as no negotiations are allowed.

The Invitation for Bids is incorporated into these Standard Bidding Documents (SBDs). The information contained in the Invitation for Bids (IFB) conforms to the bidding documents and in particular to the relevant information in the Bid Data Sheet.

## **Section V. Technical Specifications**

### **Technical Evaluation Criteria for Medical Devices and Medicines**

**(Maximum Allocable Marks Score for Technical Evaluation = 70 Marks)**

***NOTE:*** For further details of evaluation criteria and marking scheme, please see relevant proformas for technical evaluation these SBDs.

#### **SYSTEM BREAKING /DISQUALIFICATION POINTS IN TECHNICAL EVALUATION CRITERIA:**

These system breaking / disqualification points mentioned in this section are in addition to the provision of mandatory documents, as elaborated in Bid Cover Sheet (BidForm-1).

During technical evaluation of the quoted bids, bidders may stand disqualified if the Scrutiny Committee for bids evaluation find and declare any of the shortcoming/s related to the documents or the Importers / Sole Agents or Authorized Distributors regardless of completion / fulfillment or otherwise of any terms and conditions, criteria and /or codal formalities.

In those cases, where sample evaluation is included in the technical criteria, rejection of the quoted items by the MTI-KTH expert committee for Physical evaluation of samples will lead to disqualification.

### **Financial Evaluation and Scoring System for Bids**

**(Maximum Allocable Marks Score = 30 marks)**

The financial bids of technically qualified bidders will be opened publicly at the time to be announced by the Procuring entity / purchasing entity and the financial bids found technically non-responsive shall be returned un-opened to the respective Bidders.

Total Allocable marks for Technical Proposal = 70,

Passing technical Marks:49

Total Allocable marks in Financial Proposal= 30

Total Combined Allocable Score for individual bids =Marks obtained in Technical Evaluation + Marks obtained in Financial Evaluation = 100

#### **Scoring Methodology:**

Contract will be awarded to the lowest evaluated responsive firm whose product ranks highest in the Combined Evaluation scoring calculated through the Marks awarded to Technical Proposal and Financial Proposal as stated in the Bid Data Sheet of these SBDs

The Evaluation Methodology is a combination of non-price factors (in Technical Criteria) and price factor (in Financial Criteria); and each having points as elaborated in the evaluation proforma as provided in these SBDs.

As evident from allocable score above and because of the importance and complexities/sensitivities in the field of procurement and use of Drugs and other products related to human lives and health, this Methodology puts greater emphasis on non-price factors like high quality of the product derived from excellent-grade raw material, stringent product certifications, international best pharmaceutical quality control practices in laboratories, Pharmaco-vigilance systems for Drug safety reporting and monitoring; and the most efficient industrial processes in the manufacturing premises.

Procedure for the Marks Scoring: Marks will be awarded or otherwise for various technical parameters to each quoted product based on the prescribed Technical and Financial criteria. The total combined marks will determine the highest-ranking product in each product category for contract award.

**The formula to calculate the marks for the price by the bidders other than lowest bidder is given below:**

Financial Evaluation Score of individual quoted Product:

= [Lowest quoted Price of the item ÷ Next higher proposed Price of the competing item] X Total allocable financial score

**Solved Example of Financial Scoring:**

If the lowest quoted price of an item is Rs.86/-, the same lowest bidder will obtain score as below:

=  $[86 \div 86] \times 30$

= 30 marks, being the lowest bidder for the quoted item.

If the next higher quoted price of the same item is Rs.105/-, the marks obtained will be:

=  $[86 \div 105] \times 30 = 24.57$  Marks

If the next higher quoted price of the same item is Rs.130/-, the marks obtained will be:

=  $[86 \div 130] \times 30 = 19.84$  Marks

.... And so on.
